Ogema Public Library Receives \$1,000 Plum Creek Foundation Grant to Enrich its Collection

TOMAHAWK, Wis. – The Plum Creek Foundation recently awarded the Ogema Public Library a \$1,000 grant to help update its book collection.

The library provides local children and adults with valuable educational, informational and recreational materials. The grant will specifically be used to help update the library’s children and young adult books as well as adult non-fiction collections. In addition, the library will be purchasing new books in CD format and DVDs.

“We are grateful to the Plum Creek Foundation for its support and generosity,” said LaVonne Mattson, director of the library. “This grant will allow us to make some much needed updates and will help us continue as an educational resource for our community.”

The mission of the Plum Creek Foundation is to provide philanthropic contributions to support and improve the general welfare of life in the communities that Plum Creek serves. The Foundation board meets quarterly to review applications submitted from organizations in the company’s operating communities. Visit the Community Involvement page on Plum Creek’s Web site at www.plumcreek.com to download an application.

###

Plum Creek is the largest and most geographically diverse private landowner in the nation, with approximately 8 million acres of timberlands in major timber producing regions of the United States and 10 wood products manufacturing facilities in the Northwest. In Wisconsin, Plum Creek practices sustainable forestry on approximately 400,000 acres of forestland in 26 counties throughout the state.
