Plum Creek Awards Scholarship to Wisconsin Student

TOMAHAWK, Wisc. — Katheryn Ingman of Tomahawk is one of 37 children of Plum Creek employees to be awarded a scholarship from the company. Plum Creek annually awards scholarships to employees' children who plan to continue their education after high school graduation. A committee selects students based on their academic achievements, participation in extracurricular activities and career goals.

Ingman is a graduate of Tomahawk High School in Tomahawk. In the fall, she will attend the University of Wisconsin – River Falls with the goal of pursuing a veterinary medicine career. While in high school, Ingman was involved with track and field for all four years and participated in the drama program. She also held several part-time employment and volunteer positions. Ingman is the daughter of Debby and Jeff Ingman. Her mother is a resource assistant in Plum Creek's L'Anse, Mich., office.

Plum Creek's scholarship program recognizes and rewards academic excellence and extracurricular participation by awarding financial scholarships to children of employees.

###

Plum Creek is the largest and most geographically diverse private landowner in the nation, with more than 8 million acres of timberlands in major timber producing regions of the United States and 10 wood products manufacturing facilities in the Northwest.
